SUMMER 2018

JUNIOR GOLF

From the Desk of Larry Ward:

We are excited to unveil a new era at the High Performance Golf Academy; we are completely revamping our junior golf program. Here at the academy, we are passionate about growing the game of golf. Our new junior golf programs are tailored for juniors of all ages and skill levels to help them achieve their golf goals. We believe in success on and off the course.

Megan Kinney will be returning to the junior golf team as our Junior Golf Director. She was a top high school player in the state and played Division I golf at the University of Kentucky. She is currently a Level 1 PGA Apprentice. She has been with the HPGA team for over a year now. Megan loves working with junior golfers to ensure they reach their individual goals.

The programs that we have created were designed with player development in mind. We want our juniors to love the game of golf and reach their full potential. Our main focus will be the mechanics of the game. However, we also want to integrate etiquette, rules, and pace of play so that our juniors feel comfortable in any golf situation.

We have worked hard to provide you with programs and resources that will be fun, informational, and beneficial to each junior golfer's growth.
